

Test with the best.

Exams are given at easily-accessible locations nationwide. They include theory, service scenarios, and troubleshooting questions. Each successful candidate will receive certification badges and a wall certificate. Test results can be verified within three business days of receipt of the exam at the grading center. Exams are continually updated to reflect new technologies and standards. Re-certification is required every five years to guarantee a continuing level of proficiency.

CERTIFICATION TRAINING REGISTRATION FORM

Name _____

Address _____

State _____ Zip _____

Home # _____ Business # _____
